UNIQUE STUDENT IDENTIFIER

From 1 January 2015, we Baxter Institute can be prevented from issuing you with a nationally recognised VET qualification or statement of attainment when you complete your course if you do not have a Unique Student Identifier (USI). In addition, we are required to include your USI in the data we submit to NCVER. If you have not yet obtained a USI you can apply for it directly at <https://www.usi.gov.au/students/create-your-usi/> on computer or mobile device

Enter your Unique Student Identifier (USI) (if you already have one)

You may already have a USI if you have done any nationally recognised training, which could include training at work, completing a first aid course or RSA (Responsible Service of Alcohol) course, getting a white card, or studying at a TAFE or training organisation. It is important that you try to find out whether you already have a USI before attempting to create a new one. You should not have more than one USI. To check if you already have a USI, use the 'Forgotten USI' link on the USI website at <https://www.usi.gov.au/faws/i-have-forgotten-my-usi/>.

I don't have a USI:

- Would you like Baxter to create one on your behalf? No—I will do it myself
 Yes—Please complete form SS163.b and submit it to Baxter together with this application form.

A verified USI is required for ALL students in order to receive AQF certification documentation unless an exemption applies under the Student Identifier Act 2014. Further information on USI exemptions can be found at <https://www.usi.gov.au/documents/usi-exemptions-table-march-2016>.

REFUND POLICY AND PAYMENT OF TUITION FEES (Cont'd)

2. In the unlikely event that the Institute defaults by failing to start the course or the course ceases to be provided after it starts, you will be notified of the default in writing within three business days of the default occurring. You will be offered a refund of all the unspent tuition fees and if you accept the refund will be paid to you within 14 working days from the day the default occurred (provider default). Alternatively, the Institute may offer you enrolment in another course, for which you must meet all the entry requirements, at no extra cost. You have the right to choose whether you would prefer a refund of unspent tuition fees, or to accept a place in another course. If you choose placement in another course, we will ask you to sign a document to indicate that you accept the placement. Where the Institute is unable to meet its obligations of providing you with a refund or an alternate course you will benefit from the Tuition Protection Services (TPS), which is an initiative of the Australian Government to assist international students whose providers are unable to fully deliver their course of study. The TPS will contact you and place you in a suitable alternative course at another education provider at no extra cost. If there are no suitable alternative courses or offers, you may apply for a refund of the amount of any unspent tuition fees. For further information please visit the following link: <https://tps.gov.au/StaticContent/Get/StudentInformation>
3. Fees not listed in this refund section are not refundable. Prior to your enrolment, fees may be altered without notice. Once you have completed enrolment, fees will not be subject to change for the normal duration of the course. If a course length is extended and agreed to by the student, then any additional fee to be paid prior to the extension of the course.
4. All required fees and charges must be paid prior to course commencement unless a "Payment Schedule Agreement" is arranged with the Institute. Non-payment could lead to your exclusion from class and you may be subject to the Institute's cancellation process for non-payment of course money. Student tuition fees are safeguarded by insurance and assurance schemes mandated by Australian Legislation.
5. Tuition fees are incurred when each study period for the course commences. Baxter Institute may offer installment payments on the basis that the payments will be made on the scheduled dates. If you are in breach of your payment schedule agreement, the Institute has the right to cancel the agreement and request the entire payment for fees owed. The Institute's cancellation process will also take effect as this is a breach of the Written Agreement and the Institute's Code of Behaviour for students.
6. The Institute has the right under the ESOS Act to refuse to provide you with a course if you directly or indirectly fail to pay an amount you owe the provider to undertake the course.
7. If you are enrolled and obtained permission to transfer to another course within Baxter Institute, all unspent tuition fees paid will be credited to the new course.
8. Prior to commencing a course with the Institute, you must pay the total of the minimum payment stated in their Student Written Agreement and any outstanding debts (if any). Please note, payment of fees made by personal or company cheques are not considered paid until the funds have been officially cleared by the institute's bank (this could take up to 3- 5 working days).
9. Payment will only be allocated for the material and equipment fee after the full payment of tuition fees for the first study period have been paid.
10. Payment made towards Overseas Student Healthcare Cover (OSHC) is subject to the OSHC provider's refund policy and procedures .
11. There will be no tuition fee reduction/exemption granted for students who complete a unit of competency/qualification earlier than the proposed end date.

Disability supplement

Introduction

The purpose of the Disability supplement is to provide additional information to assist with answering the disability question.

If you indicated the presence of a disability, impairment or long-term condition, please select the area(s) in the following list:

Disability in this context does not include short-term disabling health conditions such as a fractured leg, influenza, or corrected physical conditions such as impaired vision managed by wearing glasses or lenses.

'11 — Hearing/deaf'

Hearing impairment is used to refer to a person who has an acquired mild, moderate, severe or profound hearing loss after learning to speak, communicates orally and maximises residual hearing with the assistance of amplification. A person who is deaf has a severe or profound hearing loss from, at, or near birth and mainly relies upon vision to communicate, whether through lip reading, gestures, cued speech, finger spelling and/or sign language.

'12 — Physical'

A physical disability affects the mobility or dexterity of a person and may include a total or partial loss of a part of the body. A physical disability may have existed since birth or may be the result of an accident, illness, or injury suffered later in life; for example, amputation, arthritis, cerebral palsy, multiple sclerosis, muscular dystrophy, paraplegia, quadriplegia or post-polio syndrome.

'13 — Intellectual'

In general, the term 'intellectual disability' is used to refer to low general intellectual functioning and difficulties in adaptive behaviour, both of which conditions were manifested before the person reached the age of 18. It may result from infection before or after birth, trauma during birth, or illness.

'14 — Learning'

A general term that refers to a heterogeneous group of disorders manifested by significant difficulties in the acquisition and use of listening, speaking, reading, writing, reasoning, or mathematical abilities. These disorders are intrinsic to the individual, presumed to be due to central nervous system dysfunction, and may occur across the life span. Problems in self-regulatory behaviours, social perception, and social interaction may exist with learning disabilities but do not by themselves constitute a learning disability.

'15 — Mental illness'

Mental illness refers to a cluster of psychological and physiological symptoms that cause a person suffering or distress and which represent a departure from a person's usual pattern and level of functioning.

'16 — Acquired brain impairment'

Acquired brain impairment is injury to the brain that results in deterioration in cognitive, physical, emotional or independent functioning. Acquired brain impairment can occur as a result of trauma, hypoxia, infection, tumour, accidents, violence, substance abuse, degenerative neurological diseases or stroke. These impairments may be either temporary or permanent and cause partial or total disability or psychosocial maladjustment.

'17 — Vision'

This covers a partial loss of sight causing difficulties in seeing, up to and including blindness. This may be present from birth or acquired as a result of disease, illness or injury.

'18 — Medical condition'

Medical condition is a temporary or permanent condition that may be hereditary, genetically acquired or of unknown origin. The condition may not be obvious or readily identifiable, yet may be mildly or severely debilitating and result in fluctuating levels of wellness and sickness, and/or periods of hospitalisation; for example, HIV/AIDS, cancer, chronic fatigue syndrome, Crohn's disease, cystic fibrosis, asthma or diabetes.

'19 — Other'

A disability, impairment or long-term condition which is not suitably described by one or several disability types in combination. Autism spectrum disorders are reported under this category.
